To all the churches throughout Japan, thank you for your daily support and encouragement. There has been a cold front here in Tohoku and we have had many snow days. During Christmas, we received many gifts from you, and at the convention general meeting, we received warm Christmas cards. Thank you so much. The presents and messages were given to the people in Tohoku who were affected by the disaster. We are encouraged that you remember the people in Tohoku, even after almost six years since the disaster. We believe that your kind thoughts expressed through the gists and messages you sent us has bought a light of hope to the hearts of those in the disaster areas. In this issue we would like to share with you about how we spent our Christmas here.
