

To all the churches throughout Japan, thank you for your daily support and encouragement. We pray that God sends his encouragement and hope to all those who were victims of the disasters that took place throughout Japan, and especially to North Kyushu that experienced the massive down pour. We pray that God will provide all that is needed. In this issue we wanted to share about all the ongoing projects in Tohoku, 6 years and 4months after the Great East Japan Earthquake. We have compiled it so that you can compare it to the aid that was taking place right after the disaster.

Iwate Prefecture Otsuchi-cho Aid work

(Ando Otsuchi 4th and 7th housing estate)  
While residential  
land development is  
proceeding,  
there are still  
temporary housing  
residents. Support is  
continuing.

New Togura Elementary  
School

October 2015, the new  
school building was  
completed. The school is  
surrounded by a forest,  
placed on high ground.  
Learning support is still  
on-going.

Maginohama temporary housing aid work

All temporary  
housing in  
Ishinomaki Oshika  
Peninsula is  
planned to be  
dissolved at the  
end of this fiscal  
year. Each year,  
there are fewer  
temporary housing residents. We are  
considering how to carry out our future aid work.

Watari-cho Miyamae Temporary Housing Aid Work  
Most temporary housing estates, including the Miyamae housing  
have been taken down. Once every two months we carry out  
visitations to the homes of elderlies who are living alone in  
the new reconstruction housing.

Support for Fukushima Midorigaoka temporary housing.

The evacuation order was cancelled for  
Tomioka town.  
However, there is concern about the work of  
the Fukushima Daiichi nuclear waste furnace  
and the problem of radioactivity. There are  
people moving into new temporary installation  
and reconstruction houses, and we are  
planning to continue supporting the  
community as it goes through many changes.
